Tomorrow has been designated as "Go to Church Sunday" and all persons are requested to attend some church whether identified with any church or not.

GRAND THEATRE

Harry Carey in "The Three Godfathers," a big western show, will be the attraction at the Grand tonight and a comedy will be an added attraction. Carmel Myers, in "The Wife He Bought," and the fifth episode of "The Hand of Vengeance," will constitute the double bill for Monday.

RICHMOND THEATRE

A great star, a great story by a great author, a great cast and a great director!

William Farnum, Frank Lloyd, Zane Grey and William Fox—these are the chief figures responsible for "Riders of the Purple Sage," a photodrama of the West, which is the attraction at the Richmond tonight, a picture that is colorful and fascinating, stirring in its rush of action and incident, brimming with the keenest drama, strong and human and poignant in its emotional interest.

"Riders of the Purple Sage" is unquestionably the Western film of all time, just as the nationally known novel of which it is a faithful transcript was acclaimed everywhere as a work of brilliant distinction.

The vigorous romance of the ranger who rode for vengeance is developed so powerfully, so deftly that not one person in a thousand can resist its mighty sweep.

THE UNITED WAR DRIVE

House to House Canvass Tomorrow Afternoon—All Urged to Contribute to Cause—Additional Contributions $1,156.91

Only two more days are left in which to contribute to the United War Campaign Drive. Every citizen is urged to come forward with their contribution whether or not they have been called on by the committee. It is essential that Alexandria meet its allotment which is $30,000. There are many citizens who have not yet donated to the cause and they are urged to do so at once.

Arrangements have been completed for the house to house canvass which will be made tomorrow afternoon between 2 and 5 o'clock. It is expected that 150 men and women will take part in the drive. All persons are urged to remain at home and donate what they can when the solicitors call. If Alexandria falls down on this drive it will be the first time the people of this city have not responded to calls made on them since the opening of the war.

WOULD SPEED PEACE

German Government Makes Earnest Appeal to President Wilson to Hurry Peace Conference to Save People From Starvation.

Berlin, Nov. 15.—The new German Government has sent a message to President Wilson appealing him, "in order to save the German people from perishing by starvation and anarchy," to send plenipotentiaries as quickly as possible to The Hague or some other city.

The following message has been forwarded to Secretary of State Lansing:

The German Government and the German people have gratefully taken cognizance of the fact that the President of the United States is ready to consider favorably the sending of food to Germany. Distress is urgent.

(Section missing).

"I believe I am not appealing in vain to the humanitarian feelings of the President if I ask you to submit to him the request that, in order to save the German people from perishing from starvation and anarchy, he will as quickly as possibly send to The Hague or some other place, plenipotentiaries."

Washington, Nov. 16.—American delegates to the great peace conference are understood to have been selected by President Wilson, although there probably will be no announcement until the place and date of meeting has been decided upon formally by the Inter-Allied Council, which reassembled yesterday in France.

Discussion in well informed quarters today of the probable personnel of the delegation centered upon four men. They are:

Robert Lansing, Secretary of State, to head the mission; Col. E. M. House, now in France attending the Inter-Allied Council as the personal representative of the President; Elihu Root, Louis D. Brandeis, Associate Justice of the Supreme Court.

The belief is growing here that President Wilson himself will attend the opening sessions of the conference, though not to sit as a delegate around the peace table.

Word from Paris that historic Versailles is regarded as certain to be the scene of the conference occasioned no surprise here. It is said that spokesmen of the Allied powers have been almost a unit on this choice ,although Brussels has been urged by the Belgians and other places have been mentioned.

HUGE TAXATION.

Calculated Germany Must Raise Billion and a Quarter Annually

London, Nov. 16.—Lord Emmett calculates that Germany must raise by direct taxation from a billion and a quarter a billion and three-quarters dollars in annual revenue to escape bankruptcy.

Germany has raised by extra taxation during the war about $3,240,000,000, as against $8,093,000,000 in England.

ALEXANDRIANS.

Alexandria has responded nobly to all calls for War Work, and has met its quota of every demand.

Peace is now in sight, but our boys, your boys, are still in the service over there, or in cantonments, and our duty is to provide them with comforts and to protect them against evil influences through the seven organizations represented in the United War Work Campaign.

Every one should do their duty for the boys that have risked their all for us.

NO SACRIFICES WE CAN MAKE ARE COMPARABLE TO THEIRS.

We must raise now our $30,000. If we fail we cannot hereafter escape a sense of shame, when we meet again our boys face to face.

WAR WORK CAMPAIGN COMMITTEE

TURNING AGAINST REDS

German Soldiers And Sailors Remove Anarchist Colors And Oppose Formation of Civilian Guards.

Copenhagen, Nov. 16.—All reports reaching here from Germany are of a hopeful tone. A good impression has been made by the Socilaist Government's pronouncement concerning the constituent assembly. The Vorwaerts declares that the pronouncement "makes the constituent assembly a certainty."

The Berlin correspondent of the Hamburg Fremdenblatt is encouraged by the events of the last few days. He reports that a large part of the members of Soldiers' Councils have removed the red bands from their sleeves.

Not all danger for democracy has passed, the correspondent adds, but he says the Government can rely on the soldiers who are the "real holders of power."

At a meeting of soldiers the withdrawal of the order for the formation of a civilian Red Guard was demanded. One Socialist speaker who said: "But comrades, you are Socialists," was answered with the shout "we are soldiers!"

The same Socilaist speaker's declaration that it was a duty to spread the revolution to England and France was loudly disapproved. A resolution was passed that the Berlin soldiers would view the arming of laborers with distrust as long as the Government failed to declare expressly for the summoning of a constituent assembly as the sole basis for the adoption of a constitution.

London, Nov. 16.—The crews of German U-boats at a mass meeting at Brunshuttel, according to a Copenhagen dispatch to the Daily Express, resolved to oppose the revolution and reinstate the officers. They decided to fly the national flag instead of the red flag.

About 100 persons were killed in the fighting in Berlin which marked the overthrow of the Imperial Government, according to a report from Berlin.

The greater part of the forces under Field Marshal Von Mackensen (in command in Roumania) has joined the revolution, according to a Copenhagen dispatch.

The Berlin soldiers and workers' council has decided to dissolve the red guards, according to a dispatch from Copenhagen. Captain Von Beerfeld, the leader of the red guards, has been dismissed for making revolutionary plans.

German army deserters, who formed a "flying division" at Bremen, are plundering German towns, according to a dispatch from Copenhagen. Thirty-six were arrested in Berlin and three of them were immediately shot. A score of the others were sentenced to death by a court-martial.

Some of the marauders were driven out of the Hanover railway station on Thursday. A number of them were captured and will be shot.

GERMANS MAKING EXIT

Big Towns Soon Evacuated as Germans Make Hasty Withdrawal—Belgium's Flag Is Again Floating From the Town Hall.

Paris, Nov. 16.—Occupation of the city of Metz by American and French troops is a matter of hours. The forts of the big stronghold already have been occupied by Franco-American troops following in the wake of the German withdrawal. Dispatches from the front state the Germans are showing unexpected speed in evacuation, not only of Alsace-Lorraine, but of the occupied regions of Northern France and Belgium as well.

Formal ceremonies are planned for Sunday at Metz, Strassburg and Colmar, when the reconquest of France's "lost province" will be celebrated, King Albert of the Belgians is expected to enter Brussels the same day.

Late yesterday word came from the front that the whole of France had been cleared by the invaders but this is still unconfirmed.

America will be represented by Gen. Rhodes and France by Gen de Coble on the inter-allied armistice commission, which today will proceed to Spa, German army headquarters in Belgium.

Antwerp, Nov. 16.—Belgium's flag again floats from the town hall and all public buildings of this great seaport, for the first time in more than four years.

The Germans completed their evacuation of this city within the last 48 hours after having held and occupied ever since Winston Churchill's ill-fated effort to save the town.

THE BEAST OF BERLIN

The former fierce German potentate is now tabernacling with the peaceable Dutch, his own people having repudiated him. He is no longer attended by cringing sycophants, but is keeping in the shade among pacific people who have suffered no little from his ruthlessness during the past four years. Ships of Holland have been torpedoed while passing from one neutral country to another, while the victims of such outrages have dared not manifest resentment lest their country be laid waste as was the case of Belgium when that nation refused to grant permission for his army of desperadoes to pass through their land.

When the Lusitania was sunk, entailing a fearful loss of life, one of the London papers in its expressions over the outrage said: "And the rascal is still at large."

The rascal is no longer at large. He is a virtual prisoner under the law of internment, and the disposition of this scourge of the twentieth century is enlisting the attenion of he civilized world.

The question is pertinent, "What shall be done with this international disturber of the peace after having long been allowed to do as he pleased, who trampled solemn treaties under his feet and turned Europe into shambles?"

Should he be allowed to eke out his miserable existence or brought to the bar of justice? Many believe he should be held responsible for his crimes against civilization.

William Hohenzollern has been instrumental in killing miliors. He is a party before and after the fact. His brutal henchmen should also be made to face courts of justice and receive the just reward of their deeds.

The first law given to the human race by the Creator and Preserver of us all, centuries before the days of Moses, was received by Noah: "Whoso sheddeth man's blood by man shall his blood be shed."

There were probably Kaisers in antediluvian days, as we read: "And violence filled the earth." This divine law seems to have been given to check such criminals.

THE COST OF ROYALTY

Elimination of kings, grand dukes and other princes will save the German people an immense amount of money every year. If, after the Russian Bolshevik fashion, the crowned heads and princelings are ultimately divested of fall their land holdings, tremendous landed estates and the revenues therefrom will go to the people of the various federated states in many of which the populations will only then begin to realize how expensive a sport is the sustenance of overlords by grace of the accident of birth.

Each of the four former kings, and virtually all of the grand dukes, dukes and heads of principalities have been receiving large "civil lists" annually, and in addition to these "appendages" for the maintenance of their families and households. Besides, the princes have been drawing huge revenues from private estates. The Hohenzollerns own vast amounts of private properties, comprising castles, forests and great landed estates in various parts of the emire. The value of these and other royal domains amounts to many hundreds of millions.

One of the few who did not get an annual civil list is the Grand Duke of Mecklenburg-Strelitb, the reason being that he is one of the wealthiest German sovereigns, having seignorial rights over more than one-half of his grand duchy's territory.

The following table, giving only the regular yearly civil lists of the four ex-kings and of four of the six grand dukes, illustrates the costliness of the "king business."

King of Prussia, $4,129,820; King of Bavaria, $1,350,618; King of Saxony, $1,022,863; King of Wurttemberg, $702,800; Grand Duke of Baden, $397,495; Grand Duke of Hesse, $316,250; Grand Duke of Saxony, $255,000; Grand Duke of Oldenburg, $163,750; total, $8,368,596.

The annual salary of the American President is $75,000.

WILSON SHOULD BE THERE

It now appears that the proposal that President Wilson should attend the peace conference contemplates no extended stay, but merely attendance at the opening o a few of the more important sessions.

As a contemporary observes, in such an adventure, no possibilities of great harm, can be seen while tremendous possibilities of good are apparent. The President stands in a peculiar way for a peace of justice as compared with a peace of bargaining. There is no other living statesman whose words would carry so much weight with the people of every country who yearn for such a peace. There is no other whose words would go so far to quell the violence and disorder which may then exist or threaten in Europe. Great weight and impressiveness would be added to those words by the fact that they were uttered in peron before the august body which will arrange the peace settlement. If Lloyd George and Clemenceau and Orlando are to be present, Wilson should be. And it certainly ought not to be beyond the ingenuity of that intellectual body which we call Congress to devise some method by which the President could leave the country for the period of a month, say, without disrupting our domestic affairs.

TO TRY GERMAN OFFICERS

Very precise charges have been made out against German officers guilty of having ordered or of having themselves committed shocking crimes, according to a Paris dispatch based on the result of an investigation made in Lille and the region of the Nord. The dispatch adds that in the presence of the evidence revealed by the commission of inquiry the under secretary of state at the ministry of Justice has ordered that criminal proceedings be instituted at once against the German officers in question. They will be tried by court martial—in their absence, if the allies are unable to have them arrested—and whatever sentence may be passed will remain valid.

UrGES ALL TO GIVE TO CAUSE

(Special to Gazette)

The Gazette, Alexandria, Va.,—For Virginia to measure up to other states every place must go over its quota and this can be done if every worker sees that the cause is presented to every man, woman, child in the State. One dollar per capita, with the money contributed by the out of state corporations, will accomplish this. In this work for our men and women who have done so much for us there should be such a Thanksgiving offering that success should be easy and with the desired goal accomplished satisfaction must long abide with every one who has had a part both in working and giving to this great cause. The biggest free gift for the biggest cause ever known in the world.

This is an opportunity which we have to repay in part for their services to us by bringing to them some comforts and pleasures. Three more days—Saturday, Sunday and Monday, properly used, can accomplish the result.

"T. M CARRINGTON, State chairman, United War Work Campaign."

And a Thousand Fighters Call Him Dad!

0-0-0

THERE is a new kind of fighter in this war. He wears a uniform but he doesn't carry a gun He carries cheer and comfort and a great big heart. Never mind whether this uniform shows the emblem of the Y. M. C. A. or the Knights of Columbus. the Jewish Welfare Board or the Salvation Army. He doesn't care—and neither does your boy.

This new kind of fighter is making a new kind of fight. He is fighting against lonesomeness and heart-ache and monotony and worry. He is fighting for that quality which wins wars— MORALE!

Your boy has it. This man is fighting to let him keep it.

Maybe your boy hasn't had a letter for a long time. Or maybe there was something that worried him in the letter that he got this morning.

Or maybe he has had a disappointment—hoped for promotion and didn't get it. Or maybe he'd give a million dollars just to see his folks one minute.

It hurts to lock up things like that, deep down inside your heart. It helps to pour them out.

And that is where this man comes in—the Daddy of them all.

They know that he will understand—that he won't laugh or preach.

They know that he is there with the right word and the right pat on the back when it's needed most.

You Daddies of America, you men who want to go and can't, let's keep this Daddy on the job!

Why You Should Give Twice as Much as You Ever Gave Before!

The need is for a sum 70 per cent greater than any gift ever asked for since the world began. The Government has fixed this sum at $170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1918 their:

3,600 Recreation Buildings
1,000 Miles of Movie Film
100 Leading Stage Stars
2,000 Athletic Directors
2,500 Libraries supplying 5,000,000 books
35 Hostess Houses
15,000 Big-brother "secretaries"
Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!
